

**BRITISH MODEL FLYING ASSOCIATION
EAST ANGLIA AREA
ANNUAL GENERAL MEETING
1st December 2022**

Dear Club Chairman and Secretary

I very much hope your club is in good spirits and you have had a full and enjoyable flying year.

As you know this year marks the centenary of the BMFA and both locally and nationally we have been working to raise the profile of model flying with some success. As well as being Area Chair I am also the Area Delegate representing you on the BMFA's Council. We have been focussing on how we can make Areas more relevant as well as stream lining the governance of the BMFA by reducing the size of the Council and introducing a more strategic approach to promote and support model flying.

It would be good to see your club represented at our first in person meeting since the end of 2019. It will be great to hear first hand how things are going and to discuss future plans at our Area AGM on Thursday 1st December for which the papers are attached.

Best regards
Paul Hoey – Area Chairman
